SUPPLEMENTAL/BID BULLETIN NO. 1

Date: November 10, 2026
Title: IB-2026-10-30 SUPPLY, DELIVERY, AND INSTALLATION OF ICT SUPPLIES & EQUIPMENT
Reference No.: 111847

This bulletin is being issued to revise/clarify certain portions of the bidding documents. This shall form an integral part of the bidding documents for the above-mentioned procurement project.

QUERIES/REFERENCE	AMENDMENTS/CLARIFICATIONS
Which is the correct Invitation to Bid (IB) Number, 2026-10-27 or 2026-10-30?	The correct Invitation to Bid (IB) Number is 2026-10-30.
For Lot 1-Item 2, the item description indicates an external device, but the technical specifications provided appear to describe an internal device. Which specification should be followed?	Please refer to Annex A for the amended technical specifications, which shall supersede the previously indicated specifications for this item.
For Lot 4, considering that the originally specified model has already been phased out, may an alternative model with equivalent or better specifications be offered?	Please refer to Annex A for the amended technical specifications, which shall serve as the minimum requirements. Products with equivalent or superior specifications shall be acceptable, provided that all prescribed minimum technical and functional requirements are met.
For Lot 7-Item 3, what is meant by the requirement for a "2-channel speaker" under the technical specifications?	The requirement refers to a stereo audio system with separate left and right audio channels and a combined rated audio output of at least 20W RMS. Smart TVs with higher audio output or equivalent or better speaker configurations shall be acceptable, provided that the minimum required audio performance is met.
For Lot 9-Item 3, the total required quantity of ink bottles is indicated as thirty-five (35) pieces; however, the quantities specified per unit (10, 5, 5, and 5) total only twenty-five (25) pieces. What is the correct total quantity?	The correct total required quantity is twenty-five (25) pieces, consistent with the indicated quantities per unit. The previously stated quantity of thirty-five (35) pieces is hereby corrected accordingly.
For Lot 11, please clarify the specification indicated as "ITB 32G," as no corresponding technical specification for an All-in-One Desktop Computer appears to be available under this reference.	Please refer to Annex A for the amended technical specifications, which shall supersede the previously indicated specifications for this item.

All statements and formats referring to this clause should be amended/corrected accordingly.

For guidance and information of all concerned.
