## Advisers

**Engr. Kale Ashley P. Carurucan**

**Engr. Ian Lorenzo E. Gonzaga**

August 24, 2023

**Dr. Diosdado J. Lesigues**  
Dean, College of Engineering  
Eastern Visayas State University

Dear Sir Lesigues,

Greetings!

The **Civil engineering Executive Organization (CEO)** is a duly recognized academic organization in the College of Engineering and Agro-Industrial Technology at the University of the Philippines Los Baños. In its 23 years, the organization continues to promote academic, social, and professional proficiency to its members and to the civil engineering community.

Being the organization behind Engineering Congress, one of the country's premier engineering events which gathers students and professionals across the country, the Civil engineering Executive Organization will launch **USER Interface PH (UIPH) 2023** on **October 21, 2023**, at **1:00 PM** via Facebook Live. UIPH will be streamed through its Facebook page, **USER Interface PH** ([www.facebook.com/UserInterfacePH](https://www.facebook.com/UserInterfacePH)).

**USER Interface PH 2023** is an online national forum that is open to all engineering students, software developers, members of the academe, and engineers from different colleges, universities, and firms in the country. The event is graced by reputable speakers from various companies and organizations who will impart their expertise about the advancements and upcoming opportunities of different software in engineering.

Bringing an informative platform, featuring different engineering software, research, and design projects by developers, engineers, and members of the academe, your school is chosen to be part of the growing Filipino community of students and professionals with a keen interest and passion in applying engineering software to real-life problems. This year, we are aiming to accommodate over 2,500 students, instructors, and budding engineers to attend the seminar. It would be our honor to have **your school** grace this annual event. **Registration for the seminar is free**, and registered participants who will be able to attend the seminar will receive certificates of participation.
