

SUPPLEMENTAL/BID BULLETIN NO. 3

Date: October 13, 2025
Title: IB-2025-09-17 SUPPLY, DELIVERY, AND INSTALLATION OF VARIOUS FURNITURE AND FIXTURES FOR THE DIFFERENT OFFICES OF EVSU-MAIN CAMPUS
Reference No.: 12422179

This bulletin is being issued to revise/clarify certain portions of the bidding documents. This shall form an integral part of the bidding document for the above-mentioned procurement project.

QUERIES/REFERENCE	AMMENDMENTS/ CLARIFICATIONS
Are we required to submit seventeen (17) separate bid proposals for the 17 lots?	No. Only one bid proposal is required, containing all the lots the bidder is interested in. This proposal should be submitted in five (5) copies—one original and four authenticated copies. Bidders should clearly indicate in the technical specifications and schedule of requirements the specific lots they intend to participate in.
Are we required to participate in all 17 lots?	No. Pursuant to ITB Clause 19.2 of the BDS, “Partial bidding is allowed. All goods are grouped into lots. Bidders may submit a proposal for any or all lots. Evaluation and contract award will be done on a per-lot basis. Lots will not be divided further into sub-lots for the purpose of bidding, evaluation, or contract award.”
For Lot 11, can we offer two (2) cabinets with six (6) door openings each, instead of just one (1) cabinet with twelve (12) door openings?	No. The bidder is expected to deliver four (4) cabinets, each with twelve (12) door openings, as specified by the end-user.
For Lot 6-Item 2, can we offer other shades of gray aside from "colored gray" or "dark gray"?	Yes. Any shade of gray is acceptable.
How do we determine whether the items are expendable or non-expendable?	Expendable items refer to consumable goods, while the items in this project are considered non-expendable, as they are non-consumable in nature.
What are the actual dimensions of the office table under Lot 7, as two measurements were indicated?	The table is L-shaped; therefore, each measurement corresponds to one side of the table. The specific dimensions are provided in the Technical Specifications for reference.
What is the thickness of the partition glass for all Office Table With Partition /Barrier?	Please refer to Annex “A” for the amended Technical Specifications.
Can the finish of the partition (e.g., fabric, clear, frosted, tinted, mirrored, patterned, or laminated glass) be specified in the final technical specifications?	Please refer to Annex “A” for the amended Technical Specifications.
Can the existing office layout of end-user units requesting table-partitions be provided to guide bidders in their design and costing?	Please refer to Annex “A” for the amended Technical Specifications.

BIDS AND AWARDS COMMITTEE

QUERIES/REFERENCE	AMMENDMENTS/ CLARIFICATIONS
Will the award be made per lot or per item?	The project will be awarded as one (1) overall project, consisting of multiple lots. Each lot will be awarded as a separate contract. If more than one (1) lot is awarded to the same bidder, a single contract may be entered into, covering all the awarded lots.
What are the dimensions of the steel locker?	The dimensions are already provided in the technical specifications.

All statements and formats referring to this clause should be amended/corrected accordingly.

For guidance and information of all concerned.

For further information, please refer to:
